Names ,Things, City

NECESSARY MATERIAL:

You just need a pencil ,an eraser,and a sheet of paper.
A group of people decide the categories.

After having done this, one of the players , says a letter.

The letter has to be used to write one word for each category which,of course , has to start with that letter.

The player who completes the entire chart starts to count up to twenty .

Game information:

-*Each player will draw a grid:*

-*The grid will have as many columns as there are categories chose to play,plus a final column to calculate the total.*

-*The number of greed lines depends on the number of games that will be played.*

Names	what	City	Animals	Fruit	Total

Rules:

-When time's up , everyone reads their answers

-A max of 10 points are given for each category.

-They are given to those who have written a word nobody has .

-5 points are given to those who have the same answer.

-No points are given in case you have written nothing.

How we work in our classes.
